MEDIA RELEASE

October 31, 2016

For Immediate Release

Contact: Officer John Davis
Community Relations Officer
Centerville Police Department
155 W. Spring Valley Road
Centerville, Ohio 45458
937-433-7661

The Centerville Police Department recently completed their 2016 third quarter traffic analysis and has determined the top five roadways with the highest accident rates based on traffic volume.

1. E. Franklin St. between Main St. and Clyo Rd.
2. Wilmington Pk. between Whipp Rd. and Clyo Rd.
3. S. Main St. between Spring Valley Rd. and Franklin St.
4. N. Main St. between Alex Bell Rd. and Franklin St.
5. Far Hills Ave. between Whipp Rd. and Alex Bell Rd.

During the fourth quarter of 2016, selective enforcement will be conducted in these areas to reduce the number of auto accidents. Moving violations such as speed, assured clear distance ahead, improper lane changes, red light violations, driver inattention and seat belt violations will be strictly enforced.

For additional information, please contact Officer John Davis at (937) 433-7661
