

The Council of the City of Centerville, County of Montgomery, State of Ohio, met on Monday, June 20, 2016, at 7:30 P.M. in the Council Chambers of the Centerville Municipal Building. The meeting was opened with an Invocation given by Pastor Mike Castle of Harmony Creek Church, and the Pledge of Allegiance to the Flag of the United States of America, with Mayor Compton presiding. Councilmembers and staff were present as follows:

Councilmembers John Beals
 Mark Engert
 John Palcher
 Bill Serr
 Joanne Rau
Clerk of Council Carin Andrews
City Manager Gregory Horn
Finance Director Steven Hinshaw
Economic Development Director Nathan Cahall
City Engineer Jim Brinegar
Human Resources Manager Jennifer Wilder
Assistant to the City Manager Kristen Gopman
Community Resources Coordinator Maureen Russell Hodgson
Municipal Attorney Scott Liberman

Mrs. Kenley was absent due to a work commitment. Mr. Beals made a motion to excuse her absence. Mr. Palcher seconded. The motion passed with 6 ayes.

The minutes of the following meetings had been distributed prior to this meeting:

Council Meeting	May 16, 2016. June 6, 2016.
Work Session Meetings	May 16, 2016. May 23, 2016. June 6, 2016. June 13, 2016.

Mr. Serr made a motion for approval of the minutes as distributed. Mr. Beals seconded the motion to approve the minutes, and it passed with six ayes.

After confirming with Mrs. Andrews that there were no official communications, Mayor Compton addressed those in attendance interested in Item "15. B." under Old Business. Ordinance 08-16 was tabled at the City Council meeting on May 16, and he stated this item would be tabled again. He announced there would be no public comments with respect to that Ordinance at this meeting.

Mayor Compton welcomed the Centerville High School A Capella group, Forte, and invited their Director, Ben Spalding, to the podium. Forte, the award-winning contemporary ensemble at Centerville High School, recently earned first place honors at the International Championships of High School A Capella in New York City. After Mayor Compton read a

Certificate of Congratulations, the group entertained Council and the audience with a brief performance.

Centerville High School Speech and Debate team members Brian Schutter and Bobby Hughes were present with their advisor, Jeri Neidhard, to be recognized for advancing to the national speech team competition for the second consecutive year. Mayor Compton congratulated Brian and Bobby and encouraged citizens to view their performances on *Centerville Reports Today*. The successes of Lizzie Hardin, a debate team member who was unable to be present, were also acknowledged. Mayor Compton expressed his pride in the students and the staff of Centerville High School and distributed Certificates of Congratulations.

The Board of Architectural Review annually honors a business or a home with the Mayors Preservation Award. Mr. Ross, Vice-chair of the BAR, announced that this year's Mayors Preservation Award winners were Mr. and Mrs. Donald Aukerman of 23 South Main Street. Mr. Ross pointed out the extraordinary efforts of Mr. and Mrs. Aukerman in preserving their stone house in the downtown area, before presenting a framed certificate and an artist's rendition of their home. Mayor Compton thanked Mr. and Mrs. Aukerman for their dedication and hard work to preserve historic Centerville.

JoAnne Rau read the Scleroderma Awareness Month Proclamation, and Mayor Compton invited Mrs. Demeshia Trice, a representative for the Scleroderma Foundation, to the podium. Mrs. Trice shared information about the Scleroderma Foundation, a support group that has been in existence since 2007. The Foundation is hosting a family fun run/walk on Saturday, August 6, 2016 at Fairborn Community Park with registration beginning at 9:30 a.m. Information about registration can be obtained at www.scleroderma.org/steppingoutgreaterdayton.

Centerville Lions Club members, Ed Thornhill and Amy Gephart, gave a presentation about their organization; it has been in Centerville for 71 years. The Lions Club will be hosting its 5th annual 5K run/walk on Saturday, July 9, 2016 at Oak Grove Park, 1790 East Social Row Road with registration beginning at 7:30 a.m. Organizations receiving proceeds from this year's event will be Brigid's Path, the Lions Eye Bank of West Central Ohio, the Centerville High School Scholarship Fund and the First Dawn Food Pantry. Registration for the run can be done at www.centervillelions.org or www.speedyfeet.com. The Centerville Lions Club meets at MCL Cafeteria on Far Hills Avenue, the 2nd and 4th Thursdays of each month at 7:00 P.M.

In the Mayors report, the Mayor talked about a number of recent events. The first Food Truck Friday sponsored by the Heart of Centerville was on Friday, June 10th in downtown Centerville. Future Food Truck events will be on July 8th, August 12, and September 9th from 5:00 – 8:00 p.m. at the corner of Main and Franklin Streets. He encouraged residents to enjoy the fun and support the Heart of Centerville businesses. The 12th annual Saint Leonard's 5K walk/run in honor of veterans took place on Saturday, June 4, 2016. On June 6, 2016, the Miami Valley Hospital South Clemens Cancer Challenge, a cycling and 5K Walk/Run to build community support, took place at Miami Valley Hospital South. The grand Opening for Cheddars Restaurant at Cornerstone was on Monday, June 20, 2016. Americana Festival festivities begin on July 3rd with a Concert at Stubbs Park featuring the Centerville Community Band and chorus. Former Mayor Mark Kingseed will be this year's Grand Marshall for the Americana parade.

Mayor Compton noted he had recently attended the Ohio Mayors Conference in Dublin, Ohio. The mayors of the cities and the villages shared concerns about the actions of the state legislature cutting finances to local governments and impacting all Ohio cities. Mayor Compton pointed out State Representative Jim Butler and State Senator Pegger Lehner have been advocates for cities, but he encouraged citizens to contact their state representatives regarding the changes that are affecting the City's finances.

In ending his report, Mayor Compton acknowledged the current meeting was the last Council meeting for Dr. Steven Hinshaw as the City of Centerville Finance Director. He thanked him for his dedication and service to the City of Centerville.

Councilmember John Beals stated he had the opportunity to open the recent Arts Commission Concert at Stubbs Park featuring Joe Mullins and His Radio Ramblers on Sunday evening June 19th. He commended the Centerville Arts Commission for the quality entertainment offered at the free concerts. He added that Saturday, June 18th, the Centerville Washington History group celebrated their 50th anniversary with an Open House. Mrs. Rau noted a dress worn by former Mayor Sally Beals was being exhibited.

In the City Manager report, Mr. Horn acknowledged Dr. Steven Hinshaw who has worked as the Finance Director for the past 7-1/2 years and was recently named Deputy City Manager. Dr. Hinshaw was leaving his position with the City to return to the field of education. Pointing out accomplishments, Mr. Horn noted Dr. Hinshaw led the city through some difficult times, refinanced the City's debt and the SAF for Yankee Trace taking advantage of lower rate, and worked for favorable insurance offerings for the City. He managed purchases with the Ohio benefits cooperative and the earnings tax operations while overseeing Human Resources. Mr. Beals, Mrs. Rau, Mr. Palcher and Mayor Compton extended best wishes and expressed appreciation to Dr. Hinshaw for his dedicated service to the City.

Dr. Hinshaw thanked Mayor and Council for the honor of working as the Finance Director and being able to continue the tradition of excellence at the City of Centerville.

Mr. Horn continued the City Manager's Report, addressing a number of topics. Centerville Police Department recently received multiple complaints about a financial scam where the scammers called people, identified themselves as representatives of Dayton Power and Light and demanded immediate payment. DP&L advised they do not require payment over the phone. Anyone with questions or concerns should contact the Centerville Police Department or Dayton Power & Light by visiting the website at www.dp&l.com or calling 937-331-3900, 800-433-8500.

Because of concern about not finishing projects prior to the American Festival activities, Staff postponed some anticipated paving work. Streets scheduled to be repaved included Cherry, Lakeview, Martha, South Main, East Drive, Clareridge Lane, Spring Ridge Place, Waterford Drive and Graywood Court. This roadwork will take place immediately following the holiday. The repaving of State Route 48 will begin in late August in cooperation with ODOT.

Mrs. Gopman outlined the community calendar for the months of July and August, and gave the property maintenance report.

Schedules for roadwork within Centerville appear on the Centerville Connection website and the projects are also listed on the City website. When Mr. Horn asked the City Engineer to give an update on current projects, Mr. Brinegar shared that crews continued to work along the east side of Wilmington Pike between Dille Drive and Brown Road. This phase of construction limits traffic northbound to one lane and affects the southbound turn lane into Dille Drive; the work should be completed by mid-July. The construction will then move into the Wilmington Pike and Whipp Road intersection where it will be concentrated on the northwest corner for approximately a month. Vectren's work at Whipp Road is nearing completion. By the middle of September, the medians down the middle of Wilmington Pike should be done. As for the project on Yankee Street, the lane widening project in front of Yankee Trace is expected to be finished in the next couple of weeks.

There was no Planning Commission report.

Mr. Palcher reported that the Finance Committee met on May 23, 2016. The role of the Finance Committee is to examine budget items, streamline the budget, monitor reserve levels and review the finances of the City, in general.

Councilmember Rau reported on the Bike Committee and noted a presentation that Bike Miami Valley provided at a Council work session regarding a comprehensive survey conducted in the community. Council will be working with this group to establish ways to make Centerville more biker friendly.

There being no further business under Official Reports, Mayor Compton moved to the Consent Agenda.

Mayor Compton explained that the Consent Agenda contains routine procedural and administrative matters the Council had discussed in Work Sessions. Councilmembers read the following Consent Agenda Items into record.

- A. Resolution No. 43-16, A Resolution Accepting The Bid Submitted By Double Jay Construction Of Englewood, Ohio For The South Johanna Drive Improvements Project (Project SS-1) And Authorizing The City Manager To Enter Into A Contract In Connection Therewith.
- B. Resolution No. 44-16, A Resolution Declaring Specific Property No Longer Utilized By The City Of Centerville As Surplus Property And Authorizing The City Manager To Dispose Of Said Surplus Property In Accordance With The Guidelines Stated Herein.
- C. Resolution No. 45-16, A Service Resolution In Support Of The Proposed Annexation Of Property Containing 0.937 Acres Of Land More Or Less From Sugarcreek Township, Greene County, Ohio To The City Of Centerville, Greene County, Ohio Pursuant To The Requirement Of Section 709.023 Ohio Revised Code.
- D. Resolution No. 46-16, A Resolution Regarding Zoning Buffers In A Proposed Annexation Of Property Containing 0.937 Acres More Or Less From Sugarcreek

Township, Greene County, Ohio To The City Of Centerville, Greene County, Ohio Pursuant To The Requirement Of Section 709.023(c) Ohio Revised Code.

- E. Resolution No. 47-16, A Resolution Authorizing The City Manager To Enter Into A Supplemental Memorandum Of Understanding With Cornerstone Developers, LTD. Regarding The Development Agreement Dated November 14, 2013 And As Amended.
- F. Resolution No. 48-16, A Resolution Authorizing The City Manager To Enter Into An Agreement As To Special Assessment Financing For Phase III Infrastructure With Cornerstone Developers, LTD., Oberer Construction Managers, LTD., And Oberer Development Co. Regarding Phase III Public Improvements.
- G. Resolution No. 49-16, A Resolution Authorizing The Settlement Of All Claims With Karvo Paving Company For The Centerville Feedwire Road Improvements And Ratifying The Actions Of The City Manager In Taking All Necessary Steps To Resolve The Same.
- H. Resolution No. 50-16, A Resolution Enacted By The City Of Centerville, Ohio, Hereinafter Referred To As The Legislative Authority/Local Public Agency or “LPA” In The Matter Of The MOT E. Franklin St. - Centerville, PID No. 103013.
- I. Appointments to be made as follows:
 - Mr. H. David Blum – Local Board of Tax Review – two year term ending June 20, 2018.
 - Ms. Gina Tollefson – Local Board of Tax Review – two year term ending June 20, 2018.
- J. Reappointment to be made as follows:
 - Mrs. Carolyn Basford – Sister City Committee – three year term.

Mr. Horn provided a brief explanation of Items “A” through “H” on the Consent Agenda at the request of the Mayor. In regards to the South Johanna Drive improvements in Item “A”, the low bidder for that project had a bid bond deficiency which legal counsel advised could not be waived. Staff therefore recommended accepting the second lowest bidder. Item “B” is a housekeeping measure for the disposal of equipment that has been deemed no longer useful. For Items “C” and “D”, the land described in this Resolution is owned by the Centerville Community Improvement Corporation or by Greene County. With the annexation, this roadway will be situated in both Sugarcreek Township and the City of Centerville. In regards to Items “E” and “F”, these resolutions will allow infrastructure improvements for Phase III of Cornerstone North to move forward using Special Assessment Financing. Additional legislation will be required. Item “G” authorizes the final settlement between the City and Karvo Paving Company, the contractor for the widening of Feedwire Road. It has taken a number of months to come to agreement on payment of the change orders associated with this project. Item “H” is a resolution ODOT required in order for the City to obtain funding assistance for the completion of paving on East Franklin Street next year.

City Attorney Scott Liberman provided an expanded explanation of Item "F" at the request of Mayor Compton. The move to Special Assessment Financing complicated the signing of the contract in Item "F." Prior to the request for SAF, the City, in proceeding with Phase III onsite public improvements of the Cornerstone project, had already gone out to bid and had awarded the bid on the project to the second lowest bidder. The City delayed signing the contract and agreed to proceed with Special Assessment Financing. Tonight's resolution is the first step in the process for Special Assessment Financing. It authorizes an agreement asking the developer to provide certain protections to the City. The City will need additional legislation in the coming weeks to complete the set-up of the Special Assessment Financing.

When Mayor Compton requested a motion to accept the Consent Agenda, Mr. Beals sponsored the above Consent Agenda and made a motion for its approval. Mr. Palcher seconded the motion. The motion passed with 6 ayes.

OLD BUSINESS

PUBLIC HEARING: ORDINANCE 11-16 AMEND SECTION 885.01, AUTHORITY TO LEVY TAX; INCREASE IN THE INCOME TAX IN THE AMOUNT OF ONE-HALF OF ONE PERCENT (0.50%)

It was City Council's determination that it is necessary to increase the municipal income tax rate by one-half of one percent from 1.75% to 2.25% in order to replace revenue lost through funding cuts by the State of Ohio and to secure the City's financial future.

Dr. Hinshaw provided the staff presentation for the Public Hearing for the ballot initiative. A two-step process is required in order to place an issue on the November 8, 2016 ballot. A modest increase will allow the City to maintain quality police service, reinvest in road improvements and continue the level of service Centerville residents expect. He stressed the reductions in State funding that occurred with the approval of House Bill 5 and the impact on the City's budget. He stated the future of state funding is unknown. Staff has grave concerns regarding centralized tax collection that could lead to an additional \$1 million loss in revenue. Budget cuts have saved the City over \$1 million annually. However, road improvements have been delayed and are becoming increasingly expensive as the cost of asphalt has increased at three times the rate of inflation.

The City has an excellent track record of success with quality services and sound fiscal management. In comparison to the surrounding communities Centerville has the lowest income tax rate; it has remained the same for thirty-five years. In 1998, the City allowed the expiration of a road improvement levy that had been in place for twenty years. Council and Staff feel now is the appropriate time to request the increase to avoid rapid depletion of the general fund.

Mr. Horn shared Council had discussed the need for a tax increase for the past several years. He said he was proud of the ability to operate on the same tax rate for so long and noted budget cuts including a 20% reduction in manpower positions. He cited statistics showing the current condition and general degradation of the City's 248.26 lane miles of roadway where a significant portion is reaching the point of expensive rebuilding if steps are not taken soon to repair these streets. Mr. Horn noted the cost of asphalt has increased tenfold, tripling the rate of inflation, and the earnings tax has not kept pace with inflation. The City of Centerville does not

impose any assessments for curb, gutter, or sidewalks; these improvements are maintained through the general fund. A ½ percent increase will generate a little over \$2 million annually. This tax increase will not solve all the problems, but it will allow dollars to be put directly into the street program. It is believed that this is the least amount that can be asked of our citizens and keep the service level in the community that the citizens are accustomed to and expect. The time has come to ask the citizens to reinvest in our community.

Mayor Compton opened the Public Hearing.

Mr. Adrian Rose, a 50-year resident at 104 Cushwa Drive, stated he came to the meeting with the intention of expressing his disagreement with a proposed ½ percent tax increase. After listening to the presentations, Mr. Rose said he is convinced that the City of Centerville needs the revenue, and he offered to have a sign in his yard prior to the general election. He praised Mr. Horn's leadership and asked whether Council has considered reducing the credit that is given to the residents on their tax returns.

Dr. Paul Gresham, 870 Vintage Lake Court, spoke in favor of proposed ½ percent tax increase. He stated that there are people coming into our community from other municipalities who are paying 1.75 percent here and paying the difference in Dayton or Kettering. He voiced that these people are using our services and that Centerville needs to level the playing field. He expressed disappointment with Council and Staff that the Public Hearing was not attended by more people and queried why the ordinance was set for public hearing at a special meeting. He also inquired why the Public Hearing notice was not better advertised.

Mayor Compton seeing no further comments closed the Public Hearing at 9:45 P.M.

When Mr. Beals questioned Dr. Hinshaw regarding deficit spending, Dr. Hinshaw stated that this year's deficit spending was about \$750,000. The amount will escalate to approximately \$2 to \$2.5M a year by the year 2020, so deficit spending is an increasing concern for the long-term fiscal stability of the City.

Mr. Palcher clarified that the ½ percent increase would go into the general fund and would support the general municipal operations as deemed necessary by the City and Council, although the need for maintenance of infrastructure was pressing.. He said, without the increased income tax, the current reserves of approximately \$11.5 million would be spent down to approximately \$4.5 million by 2021 which is seen as a critical level. Council does not wish to make severe cuts to the Police Department or stop all road repairs.

Mrs. Rau asked why the build out at Cornerstone North did not provide alleviation of this problem. Dr. Hinshaw explained that a one million dollar payroll generates \$17,500 in income tax. The new jobs at Cornerstone have added revenue, however it would take tens of millions of dollars in payroll to keep pace with the cuts that the City has experienced from the State of Ohio.

Mrs. Rau also inquired about financing road construction for the Cornerstone North development. Dr. Hinshaw responded that the developer requested that the City engage in a TIF (tax increment financing) which diverts a portion of the increased property taxes to pay for infrastructure. Those costs are not coming out of the general fund.

Council and Staff considered options including reciprocity, income tax, storm water utility fees, and accessing for lighting, curb and gutters. It was felt the most equitable source of revenue would be the earned income tax as detailed by Dr. Hinshaw. The change would not affect every household. Individuals who are working elsewhere and paying a tax rate higher than 1.75 percent will not be affected. This increase would not impact those on a pension or with unearned income. Reciprocity was examined carefully.

Mr. Engert inquired what would happen if the ½ percent tax increase did not fulfill the need. The response was that options that have been previously examined would be taken into consideration.

Dr. Hinshaw projected that this increase should get the City through the next five years with continued conservative fiscal management, but it is unknown what will occur at the State level to impact municipalities in the next five years.

Mr. Horn added that the City would not be asking for a tax increase without the elimination of State funding. The City of Centerville would have weathered the recession because the stability and balanced nature of its businesses. **He stressed seventy-nine percent of our funding from the State of Ohio is permanently gone.**

Speaking to a comment from Mr. Palcher regarding not knowing what the state will be changing in the future, Dr. Hinshaw asserted not generating more income at this time will have a disastrous impact on the long-term financial stability of the City. What is a certainty is that the State will not be helping cities.

Mayor Compton spoke of the discussions held at the recent Mayors Conference about House Bill 5 and its effect on villages and cities. Medicaid is consuming 65-67% of the State budget and is one of the factors driving the reduction in funding for cities. Centralized income tax collection and total elimination of the local government fund are real possibilities. This tax increase is necessary to provide the essential and basic services to the citizens of Centerville.

Mr. Horn the explained that the majority of Centerville adults are either retired or work in another community. Most will not see an income tax increase. People pay more for the utilization of the library than they pay in property taxes for City services. They are also paying more to the Park District.

Mayor Compton offered an historical perspective. 1981 was the year of the first space shuttle flight and Ronald Reagan was President. Centerville has had no tax rate increase since that year. We must take responsible action at this time. If we continue to fall behind, we will never catch up.

Mr. Serr sponsored Ordinance No. 11-16, An Ordinance To Amend Section 885.01, Authority To Levy Tax; Purpose Of Tax; Rate, Of The Centerville Municipal Code To Provide For An Increase In The Income Tax In The Amount Of One-Half Of One Percent (0.50%) Commencing January 1, 2017 For The Purpose Of Providing Funds For The Purpose Of General Municipal Operations Of The City Of Centerville, and moved that it be passed. Mr. Palcher seconded the motion. The motion passed 6-0.

OLD BUSINESS

ORDINANCE 08-16: PROCEED WITH CONSTRUCTION OF INFRASTRUCTURE AT THE GROVE.

Councilmember Palcher made a motion to remove this item from the table. Mrs. Rau seconded the motion. The motion passed 6-0.

Mrs. Rau made a motion to retable Ordinance 08-16: An Ordinance Determining To Proceed With The Construction And Installation Of Public Roadways, Sidewalks, Curbs And Sanitary Mains Along The Yankee Trace Woods, LLC Property, Together With All Necessary Appurtenances Thereto, until the Council meeting on July 18, 2016. Mr. Serr seconded the motion. The motion passed with 6 ayes.

CITIZENS' COMMENTS

Dr. Paul Gresham, 870 Vintage Lake Drive, wanted to know when the rest of the hiker/biker path would be paved connecting Yankee Trace to the rest of Centerville. He asked when the trees were going to be cleaned up on the property at Social Row and Sheehan Road. He also expressed congratulations and best wishes to Dr. Hinshaw.

Mr. Horn responded that the path between Rose Estates and Yankee Trace was set to be completed this year. Charles Simms, the builder of homes on Legendary Way, used the future pathway as a construction haul road. The truck traffic packed down the gravel base, preparing it for paving as the hiker/biker path connecting Legendary Way to Shawnee Trail. The last segment of paving on Legendary Way is scheduled to be completed in the next 30 days, and the path should be done at the same time.

Mr. Horn also responded to Dr. Gresham's earlier comments concerning the advertisement of the meeting. He noted the City had a history of going above and beyond requirements and of putting notices on the Centerville website. The notice for the tax ordinance was not on the website, but it was an honest oversight. All noticing requirements of the Charter were met.

For the last issue raised by Dr. Gresham, Mr. Horn stated the Randall Residence property had an Indiana brown bat issue which delayed removal and clean-up of the trees at Social Row Road.

Diane Wysong, 664 Legendary Way, thanked Dr. Hinshaw for his work lowering the assessment on her property tax bill. She wished him well in his new position, before asking what citizens could do to stop the centralized collection of income taxes by the State of Ohio.

When this officially comes forth as a House Bill or a Senate Bill there will be a need to inform all the legislators concerning this issue. Mayor Compton referenced a state legislator at

the recent Mayors conference who made a speech about the benefits of House Bill 5. It was clear she had no idea what the ramifications to the cities and villages throughout the State of Ohio were. Everyone needs to work with the new Director of the Ohio Municipal League to get relief for cities. He mentioned Deputy Mayor Kenley was a member of the Board of Directors for the Ohio Municipal League.

NEW BUSINESS

RESOLUTION NO. 51-16; PLACE INCOME TAX INCREASE OF ½ PERCENT ON NOVEMBER BALLOT.

Mr. Liberman explained that the Ordinance passed earlier this evening would change the Municipal Code to allow the increase in the income tax rate. This Resolution is the vehicle to place the issue on the ballot in November. It explains what increase in the tax the City is asking and requests specific ballot language. A certified copy of the Resolution and the Ordinance must be delivered to the Board of Elections at least 90 days prior to the election.

He noted three minor adjustments of dates must be made. In Section 2, the reference to the general election says it is November 1, 2016; the election is November 8, 2016. Section 8 also references the general election on November 1st. The date will be changed. For Section 6, 90 days prior to November 8th is August 10th.

Mr. Liberman clarified the reason for the special meeting in June to set the public hearing. Centerville has a provision in the Charter that Emergency Ordinances expire after 75 days. Because of the timing requirements to have all of the necessary documents to the Board of Elections by early August, a regular ordinance had to be set for Public Hearing at the meeting on June 20, 2016.

Mr. Serr sponsored Resolution 51-16, A Resolution Providing For Submission Of An Amendment To City Income Tax, Stating The Rate Of Income Tax, The Purpose Of The Income Tax, The Date Of The Election At Which The Question Is To Be Put Before The Voters And Directing The Board Of Elections To Conduct The Election, and moved for its approval. Mr. Palcher seconded the motion. The motion passed with six ayes.

There being neither further citizen comments nor New Business, Mayor Compton adjourned the meeting at 10:25 P.M. The next regular meeting of the Centerville City Council was scheduled for July 18, 2016 at 7:30 p.m. in the Council Chambers.
