

Update: May 20, 2016

### **Street resurfacing program starts June 1**

Streets included in the 2016 asphalt resurfacing program are Clareridge Lane (Spring Ridge Place to Spring Valley Road), Waterford Drive, Spring Ridge Place and Graywood Court and the Yankee Trace Hiker Biker extension from Shawnee Drive to Paragon Road. Also being resurfaced are streets where new water main was installed by Montgomery County Environmental Services last year. Those streets are Lakeview Drive, Cherry Drive, Martha Avenue (South Main St. to East Drive) and East Drive (Martha Ave. to Broadripple). Work is expected to be completed by July 31.

### **Wilmington Pike Improvements begin June 6**

Traffic control installation on Wilmington Pike starts TODAY, May 20. In preparation of construction, over the next two weeks, lane restrictions on northbound Wilmington Pike will be put in place. Over the next few months, utility relocations will begin near the Wilmington Pike and Whipp Road intersection.

The next phase of Wilmington Pike Improvements is set to begin June 6 and includes widening the east side of Wilmington Pike from Dille Drive northward to Brown Road. Traffic flow will shift to the west. Curb, sidewalk, storm sewer, landscaped medians, repaving and a new traffic signal are included in the project. Funding for this \$2.5 million project is via tax increment financing (TIF), paid for by the new property tax revenues generated from the development in this area.

In addition, concrete repair work on Wilmington Pike, at the intersections from Miami Valley Drive to Alex-Bell Road, will be occurring over the next couple of weeks.

### **Yankee Street construction is underway**

The City of Centerville and the Montgomery County Engineers Office are widening Yankee Street from Social Row Road/Austin Pike to Winding Green Way. Yankee Street will be under construction from Social Row/Austin Pike and Spring Valley Road until project completion, later this year. The entrance to The Golf Club at Yankee Trace will remain open throughout construction.

### **East Franklin Street**

East Franklin Street waterline work between Lake Glen and South Johanna will begin next week and completed before July 4.

### **Concrete program has begun**

Concrete curb and storm system repair work is now underway. The streets included are: • Gershwin Drive: W. Franklin St. to Annette Drive • Freyn Drive: Gershwin Drive to W terminus • Tipton Court: Gershwin Drive to E terminus • Gerber Court: Gershwin Drive to E terminus • Bristol Drive: Annette Drive to S Main St • Virginia Avenue: Bristol Drive to S terminus • Concept Court: Bristol Drive to N terminus • Tuxworth Road: Bellingham Drive – N terminus • Benzell Drive: Tuxworth Road to Martha Ave • Bethel Road: S. Johanna to N terminus • East Drive: E. Franklin St. to Benzell Drive

The concrete program also includes sidewalk repair work in the Village South and Red Coach South neighborhoods, areas bounded by East Whipp Road to the north, I-675 to the south, Far Hills to the west, and Bigger Road to the east. Handicap ramps will be repaired at various locations around town with this project. Residents are asked to work with and around the contractor as the improvements are completed. The expected completion date is mid-September.

### **North Main Street resurfacing project**

Later this summer, ODOT will mill and resurface North Main Street/Far Hills Avenue/SR 48 from Alex-Bell Road to Franklin Street. Traffic will be maintained during the resurfacing project. We'll keep you posted.

**Centerville Construction Update is an email notification from the City of Centerville on current and upcoming road/utility improvements that may affect your travel throughout Centerville. For more information, visit the City of Centerville's website, <http://www.centervilleohio.gov> or call (937) 433-7151.**
