North Main Street (St. Rt. 48) Paving Project

The ODOT Urban Paving Project on N Main Street (SR 48) will start August 30, 2016 with a completion date of October 12, 2016. This project limits are from Franklin Street to I-675; including intersecting side street approaches. The project work will be done in the evening and overnight, between 7 p.m. and 7 a.m. Monday through Friday.

This is an ODOT project with City participation and includes milling and resurfacing the pavement, and ODOT repairs to the curb, asphalt base and catch basin outside of the City limits, along the west side of N. Main Street.

The signal contractor will be installing traffic sensors at the signalized intersections on Wednesday (8/31), Thursday (9/1), Tuesday (9/6), and Wednesday (9/7) from 7 p.m. to 7 a.m.

The paving contractor will start asphalt base repairs, curb repairs and catch basins along the west side of N. Main from Alex-Bell Road to Bradstreet Road on Tuesday (9/6). This work will take approximately three weeks to complete. Following that work, milling and paving will be performed nightly until completed.

Centerville Construction Update

Centerville Construction Update is an email notification from the City on current and upcoming road/utility improvements that may affect your travel throughout Centerville. For more information, visit <http://www.centervilleohio.gov> or call (937) 433-7151.
